

Introducing

Contemporary music inspired by Haiku Poetry

The inspiration for City Night is the wonderful new song cycle by Canadian Composer Alice Ping Yee Ho. The CD features works by international composers such as: John Cage (America), Julian Yu (Australia/China), and Ton de Leeuw (Holland)

As well as a song cycle written especially for this project by 8 composers from Halifax to Vancouver. From Rodney Sharman to Sandy Moore and Paul Cram...this is not only a look at how the haiku form has inspired these 8 individuals, but, it gives a precious glance at compositional styles from across Canada.

A tour de force. Toronto's WholeNote Magazine
